

An aerial photograph of a winding asphalt road that curves through a dense, lush green forest. The road is light-colored and contrasts with the dark green of the trees. The terrain appears to be hilly or mountainous. A semi-transparent dark blue rectangular overlay covers the left side of the image, containing the company name and tagline in white text.

BALAJI AIR COOL SERVICES

Your air conditioning
partner.

ABOUT THE FOUNDER

Balaji air cool services was founded in 2011 by Mr. Raghvendra Suresh Naik with a mission to provide quality air conditioning to the larger population. What started at a residential level, slowly expanded to industries and he has no plans of stopping anytime soon.

OUR COMPANY

With more than 10 years of experience working on residential, commercial and industrial projects our company has touched every corner of the market. Today, although we stand on a professional platform, we believe in improving ourselves everyday. The corporate market is ever-changing, and you can either keep up, or stay behind, we definitely mean on keeping up.

Maharashtra shops and establishment (regulation of employment and condition of service) act of 2018.

OUR SERVICES

A high range of services is what sets a company apart, and Balaji Air cool Services fits the bill. We are always on the lookout for adding current services, so our clients are always on top of technology.

Air Conditioning types: -

1. Residential productions like window and split ac
2. Light commercial ac such as ductable/package acs
3. Variable refrigerant systems
4. Central plant chilled water system.

Ventilation types: -

1. Basement ventilation and exhaust
2. Kitchen ventilation and exhaust
3. Industrial ventilation and exhaust
4. Pump room ventilation and exhaust
5. Equipment room ventilation.

WHAT SETS US APART?

The ever persistent question, why choose us out of the pool of companies.

We recognise our clients' need for reliability of service and structure our maintenance programmes accordingly. Our comprehensive maintenance plans allow you to budget on a fixed monthly amount for all equipment breakdown and maintenance services. This protects you from expensive equipment failure and the resulting cash flow problems associated.

After all, the way into a client's heart is through quick and reliable customer service.

To this date, our clients have had no complaints regarding the customer service.
