

TOYAM SOLUTIONS

Innovating Industry Excellence

Our Mission

Our mission at TOYAM SOLUTIONS is to deliver top-notch products and services that empower our clients to optimize their operations, reduce downtime, and achieve operational excellence. We aim to provide cost-effective solutions without compromising on quality, safety, or environmental responsibility.

PUMPING & VALVES TECHNOLOGY

Fluid Conveyance - cover an extensive range of water pumps & valve for Residential applications, Water treatment, Agricultural & Irrigational applications, Industrial & Commercial fields, Power Plants, Mining, Wastewater & Sewage applications, Civil plants, Building-service sector, Swimming pools & spa baths and Firefighting systems applications in all configurations.

Our pump range include:

- ◆ Utility Pumps
- ◆ Submersible pumps
- ◆ Sewage pumps
- ◆ Firefighting pumps
- ◆ Pneumatic/Booster pumps
- ◆ Chilled water Pumps / HVAC
- ◆ Transfer pumps
- ◆ Swimming pool pumps
- ◆ Floating booster station
- ◆ Hot/Cold Water Circulation pump

VALVES

Our valve solutions encompass a variety of valve types, such as ball valves, gate valves, butterfly valves, and control valves. These products are designed to meet stringent industry standards and cater to diverse industrial needs.

Standard: British Standard (BS), American Petroleum Institute (API), American Water Works Association (AWWA), Bureau of Indian Standards (BIS),

DHAARA SMART

Dhaara Smart is a new-age water flow meter that combines the power of IoT with latest sensor technologies. Its integrated telemetry and battery powered capabilities make it easy to manage your water consumption from anywhere at anytime. The meter is ISO 4046 certified and complies with the guidelines of the Central Ground Water Authority (CGWA).

Ground Water Metering

Water Auditing for Business

Smart Water Utilities

Smart Irrigation

IP68 enclosure
All weather protection for deployments in diverse environmental conditions.

Ultrasonic metrologic sensing
State-of-the-art flow sensing with auto event detection and auto signal calibrations.

Patented IoT
Low power multi-intelligence multi-protocol communication system - Patent granted.

Long battery life
Long durable batteries for continuous data collection. Runs for years and years.

Tamper-proof design
No more data manipulation. Tamper alarms notify you the intrusions.

Spares:

Mechanical Spares: Butterfly Valves, Ball Valves, Non Return Valves, Gate Valves, Knife Gate Valves, Process Pumps , centrifugal Pumps, Vertical Turbine Pumps, Submergible pumps, Bearings, Membranes, FRP Vessels, Multiport Valves, Resin, Dosing Pumps, Ejectors, MBBR Media, MBR Membrane, Piping Specialties, All Piping Materials (MS/SS/CPVC/UPVC/HDPE/DI), Hardware, Blowers, Included Screw Feeder, Vertical Screw Conveyor, Hinger Bearings, Gear Boxes and Motors, Reduction Cone, Vibrating Bin Aerator and Dust Collectors

Electrical & Automation Spares

Electrical Panels, PLC Panels, Local Control Panels, Variable Frequency Drives, Electrical Drives, Capacitor Banks (APFC), Power And Control Cables, Instrument Cables, Cable Tray And Secondary Raceways, Earthing And Lightning Materials, Electrical Motors, UPS And Battery, Junction Boxes, Illumination Materials, Flow Meters pH Meter Conductivity Meter And Level Instruments.
